

MOVING ON

klaripp

I am older now
Got to make my own way
I don't know how
But i know that I can't stay
Goodbye, don't wanna
see you cry

(moving on - ryuichi sakamoto)

A black and white photograph showing a portion of a building. On the left, there is a large window with a grid-like pattern, possibly a screen or a decorative element. To the right of the window, a vertical ladder or set of steps is visible, attached to the building's exterior. The building appears to be made of a light-colored material, possibly concrete or stone. The foreground is dark and indistinct, suggesting a ground surface or a shadowed area. The overall image has a grainy, high-contrast quality.

Not gonna
lie I am
scared!!!

I don't know what else to say! in one hand I am really exited. Finally after personal stuff + covid fucking up everything I can continue my education.

But damn... I feel like my art is not good enough.

AND I KNOW!!! that art is subjective and the point of art school is to go and get better.

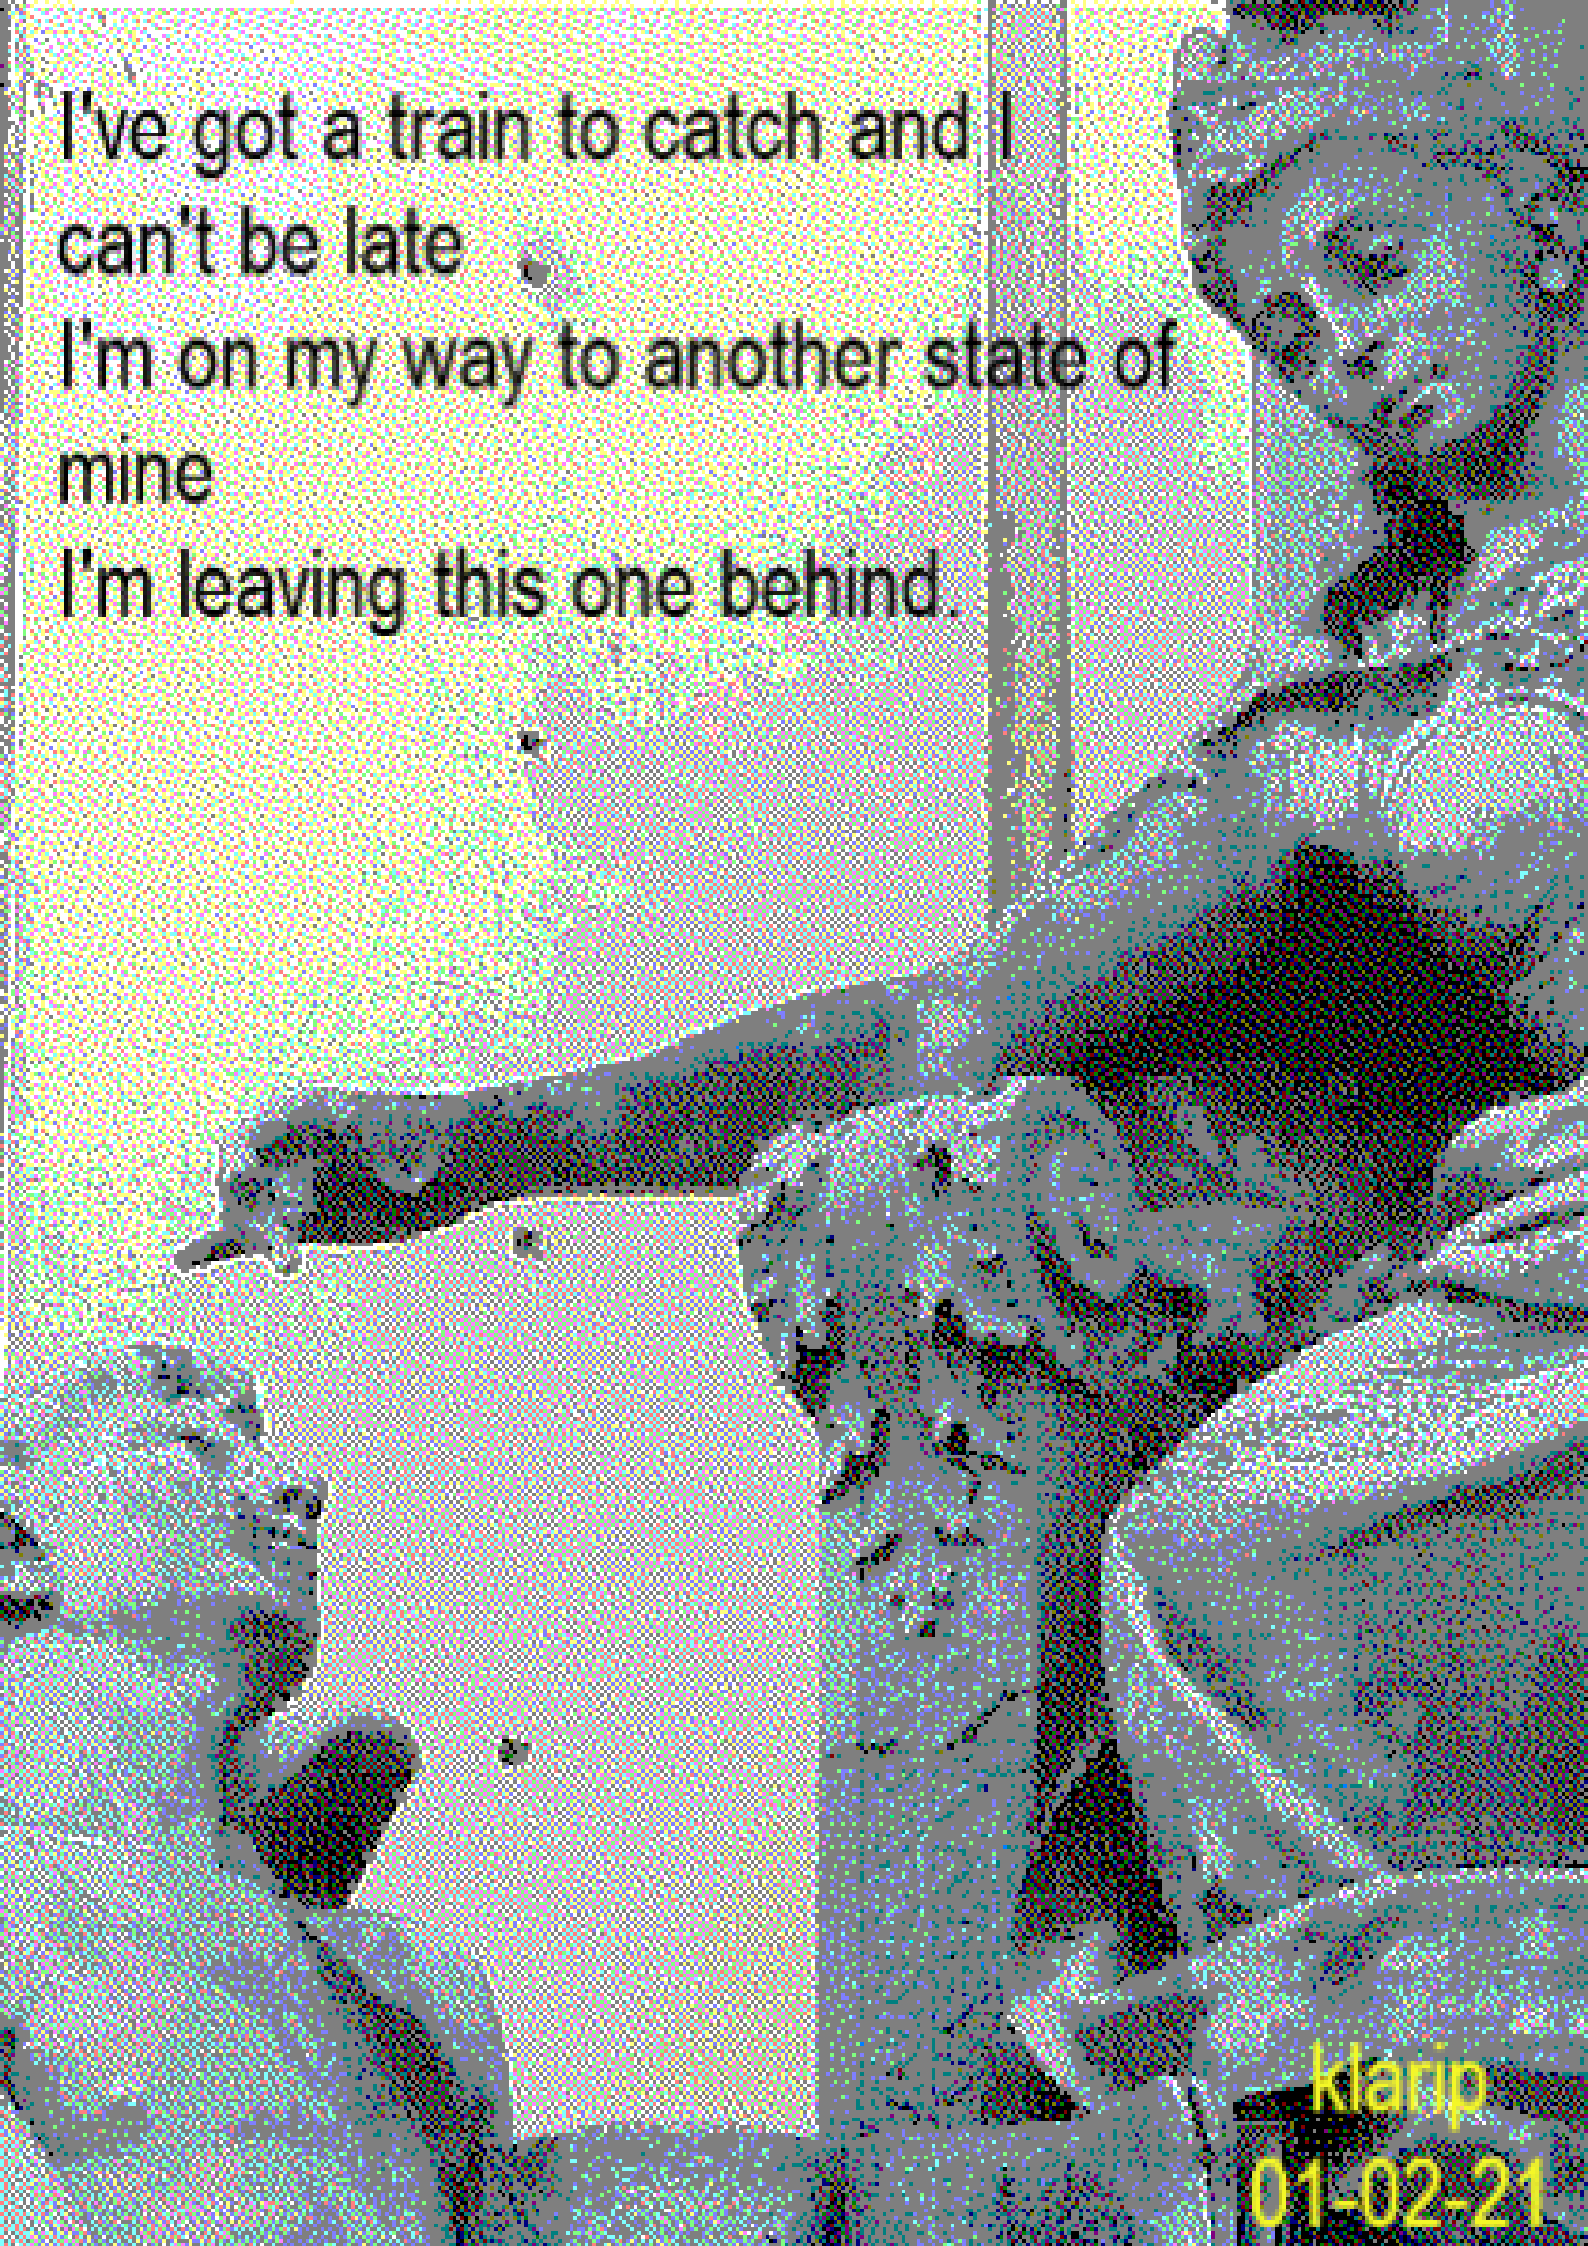

But the feeling is still there you know?

The best thing I can do right now is just try to calm down. I just need to embrace the fact that I'm starting a new period in my life where I'll meet new people and learn stuff I would have never done by my own.

I HAVE TO MOVE ON

I've got a train to catch and I
can't be late
I'm on my way to another state of
mine
I'm leaving this one behind.
